

IMPACT REPORT

A message from our founder

What does it take to solve complex community health problems? There has never been a more urgent moment to answer that question.

Vulnerable and marginalized communities need dedicated support. JMC's full suite of consulting services unleashes the power of our clients to achieve dynamic programming to help those in critical need.

States JMC provides services in

10

Organizations & agencies served in JMC's first year of operation

280+

Leaders trained by JMC in Public Health

The stakes are higher than ever...

Community leaders must make the **right** decisions about the **right** issues. When expected to do more with less, who can they turn to for support?

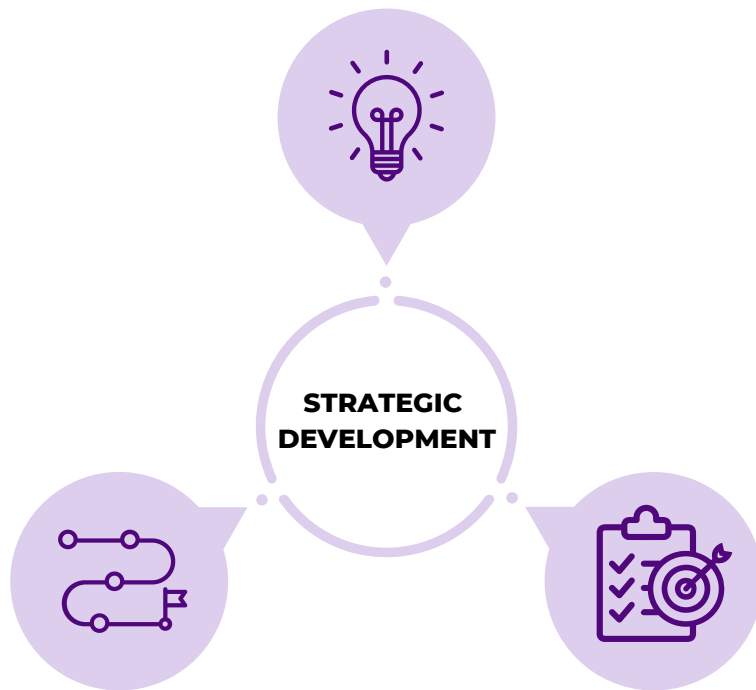

JMC offers professional development, inspiration, change management and well-being to our clients.

Our communities deserve love.
Our communities deserve action.
Our communities deserve respect.

JMC delivers.

ALIGNING LEADERSHIP.

With a wide-range of offerings and a demonstrated track record, JMC provides customized, high-quality services to help clients meet and exceed their goals.

Creative Ideas

Experienced leaders know that brilliant ideas come from all over the organizational chart. JMC facilitates brainstorming discussions and designs action plans that empower our clients' vision and team.

Smart Roadmaps

Program design must meet the needs of grant funders and the communities we serve. JMC creates work tools, partnership profiles, and project pipelines that lead to success.

Reliable Evaluation

Providing technical assistance and quality improvement oversight, JMC enhances an agency's internal capacity for measuring and improving impact in real time.

Mentorship & Training

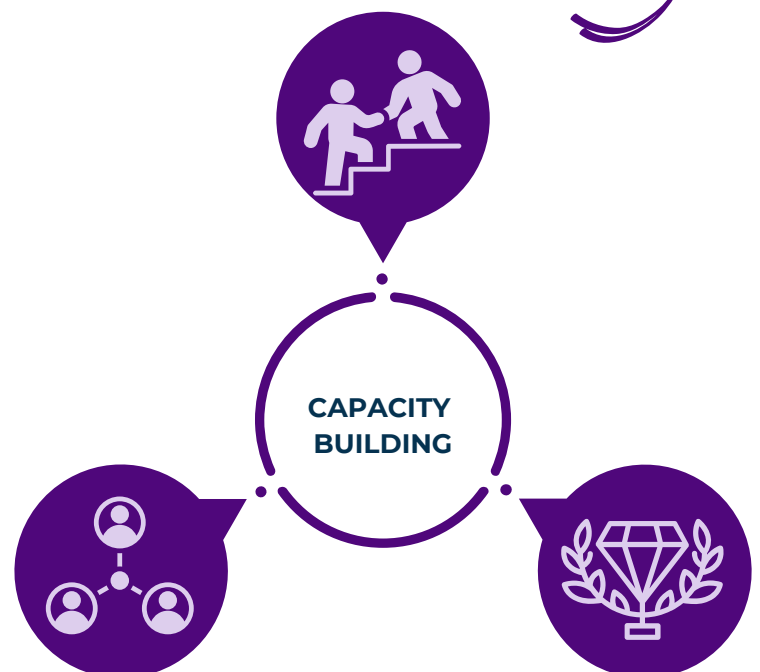

From masterclasses, workshops, and one-on-one sessions, JMC specializes in delivering tailored assistance for public health leaders in a variety of settings including community, classroom and virtual.

Stakeholder Analysis & Mapping

Leaders must know they have the right priorities and an authentic approach. Through methodical mapping and engagement, JMC assists clients in defining and untangling deep and sometimes hidden social determinants of health.

Proven Expertise

We are experts in Public Health and Diversity, Equity and Inclusion programming. By providing our clients with industry knowledge to unlock federal, state, and local levels of governance, our skillful guidance accelerates impact.

"Those in the most pain are usually the furthest away from power. My mission is to be a connector between the communities in distress and those who have the resources to end that suffering. That's what drives JMC's unique approach."

- TIFFANY JEANMINETTE, CEO & LEAD CONSULTANT

ACKNOWLEDGEMENTS

We are so excited to enter into our second year. Thank you to our clients, students, and community members for your trust and partnership.
